DETAILED ACTION

Specification

The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed.

Claim Rejections - 35 USC § 103

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1, 3, 4, 16 are rejected under 35 U.S.C. 102(b) as being anticipated by Jelinek et al. for reasons of record.

Claims 2, 5-15 are rejected under 35 U.S.C. 103(a) as being unpatentable over Jelinek et al in view of Klughart for reasons of record.

Response to Arguments

Applicant's arguments filed 2/22/06 have been fully considered but they are not persuasive.

Regarding applicant comments directed to the rejection of claims 1, 3, 4, 16 are rejected under 35 U.S.C. 102(b) as being anticipated by Jelinek et al., Applicant argues that Jelinek et al does not teach constant current source CS with a predetermined constant reference current I, instead, teaches a variable reference current. This argument is not persuasive because column 2, line 42 states that current source 12 provides constant current. Further argument about the differences between Attenuator 16 and V-I converter 220 of this application has no bearing on the scope of the claim.

As stated in previous Office action, Jelinek et al. shows every limitation recited in the claim.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
